

Leader Questions

L.G. Bonding Question

For 1st time attendees: Please state your name, place of work, how long you have attended YCNAZ, and your favorite restaurant in town.

Have each participant tell something that they have that is precious to them - not necessarily an expensive item, it can be sentimental. Ask what efforts they would take to protect it from a thief if one was heard to be in operating in their neighborhood.

From the Sermon

Deal or No Deal - Matthew 6:19-34

Share one thing about this weekend's sermon that most interested you, stood out or touched you personally.

From the Homework

Ask if anyone would like to share about their "assignment" from last week (Showing God's love from I Cor. 13:4-8 to a difficult family member)

Read each question from "Bring It Home" out loud and give time for participants to share if they wish...you may need to start with your own answers if they are reluctant to begin.

Application/Assignment

- Ask each participant to name one way to store up a treasure in heaven
- If you save money for something you want, it makes sense to save up your obedience to God for his rewards in heaven...name something you did this week that may be adding to your treasures in Heaven
- This week, try to do 3 things each day that will add to your treasure "account" in Heaven. Keep a daily log not only as a reminder to do them, but as an account book to see your savings account grow! Discuss as a group some of the things that would add to the account.
