

**IN GOD WE TRUST?
IS THERE HOPE FOR OUR NATION?
Continued...**

Choir song: Say a Prayer, Light a Candle

- We are a city on a hill. People all over the world are watching us as a nation. They observe the good and the bad. What do people see when they watch YOU?
- Do you see your obedience to God in all areas?

Choir song: Heal Our Land

- 2 Chronicles 7:14
- We need to pray for US...as a church
- How can the church...God's people...be the light to the world?

As you answer the previous questions from the service, also ask yourself... "What do I need to do to live out what I believe?"

Thank you for coming to church at Hope Point Nazarene today. Happy Fourth of July!

Choir song: In God We Trust

Malachi 2:2

- * As a nation do we show we have put our trust in God?
- * There seems to be a lack of morals, prayer has been taken out of our schools, we offer abortion and gay marriage. What changed our focus from what our founding fathers intended our independence to be?
- How do we become a HOLY nation who trusts in God?

Choir song: United

- Are we one nation under God?
- Do we belong to God?
- Are we created to be different but the same?

Choir song: I Believe

- Does what you believe have an effect on your life? How?
