3. Fishing With a Purpose Vs. 11

Remember the book, "The Purpose Driven Life?" Well, perhaps it is time to reread the book and refresh your memory about what your life was really created for. If someone looked at your life right now, what would they say you are living for? Is it time for a change so you can start living with purpose?

This week's challenge:

- Review the scriptures presented in today's message
- Determine to change something in your life.
Examples:
Reading the Bible more
Praying more
Being responsible with your finances
Treating others better than yourself
Honoring God in ALL you do
- Seek someone out this week and show God's love to that person in a tangible way (preferably a non-Christian...but it can be anyone with a need)

Have a Great Week Obeying God!!!!

1. When You Think You Know Best Vs. 4-5

A narrow focus often will cause you to miss what God has for you. God's plans are bigger than ours. What are some of your plans for your life right now? Do they include God?

2. Meeting God On His Terms Vs. 6-10

You need to put out your nets (obey) because "He Says So!" He knows better than we do. Do you have an area in your life that you need to start obeying in just because he says so?
